Biblical Principles for us in 2022

- I. Who is the little horn (Antichrist)?
- II. What we do know about the Antichrist
 - a. Wanted, charismatic, one-world dictator, claims to be god, will display miraculous powers, desecrates God's temple, tries to destroy Israel, final destiny is the lake of fire

What this means for us:

1. We are still living in the age of grace!
2. We should understand the times, not fear the times.
3. We should expect the unusual but restrain our imaginations
4. Focus on God
5. Engage in the ministry of the gospel.

Questions for group discussion and/or individual bible Study

1. Have you ever studied apocalyptic literature in Scripture? Why do we need to be very careful when finding resources in this area? Why do we tend to avoid it even though it's in the Bible? If you want further in-depth study begin with Dr. David Jeremiah and Pastor Chuck Swindoll.
2. Read Daniel 7:1–8. 3 out of the 4 beasts have already happened. If those 3 have happened, why do we stress out about the 4th and the little horn?
3. Read Daniel 7:9–28: What strikes you as you read all of this? Put yourself in Daniel's shoes. We have the privilege of looking back, he doesn't. What must have been some of his feelings and why?
4. What we know about the Antichrist: He will be wanted, he will be a one-world dictator, he will claim to be God, he will display miraculous powers, he attempts to destroy Israel. What are some misconceptions you have about the Antichrist?
5. Read 1 Timothy 2:1–4, Luke 10:11–13, Acts 20:24, 2 Thessalonians 2:3–4. In light of the end times, how might you apply these passages?
6. What will you apply to your life this week based on this study?
